Grip Takes the City in Its Iron Grasp

Government Machinery Almost at a Standstill—Enormous Percentage of Employees Stricken With La Grippe—Capital at the Mercy of the plague.

The Grip epidemic is raging in the Capital City, and fully one third of the government employees are sick or suffering from the dread disease. Violent headaches, fever and chills, sneezing and running at the eyes and nose together with the bone-racking aches and pains and a general exhaustion are the rule rather than the exception. The best way to fight the Grip is to strengthen the nerves and build up the resistive powers so as to throw off the deadly disease germs, and nothing will do this so quickly and surely as Dr. Miles' Nerveine. It has restored health to thousands of Grip sufferers after every other remedy had failed.

"When the Grip left me I was a broken down wreck both mental and physical. My nerves were completely unstrung, my appetite failed, could not sleep and became so despondent that I despaired of ever getting well. I began to improve with the first bottle of Dr. Miles' Nerveine and when I had taken seven bottles I was completely cured. Have been strong and well ever since and weigh more than I ever did before."

SAMUEL F. PILSEN, Stoughton, Va.

All druggists are authorized to sell Dr. Miles' Nerveine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on heart and nerves sent free.

## M'ENERY RESOLUTION

Declaring the United States' Philippine Policy Adopted by the Senate.

THE VOTE WAS 26 TO 22

The Resolution Declares the Ratification of the Treaty Is Not Intended to Make Citizens of the United States the Inhabitants of the Islands or to Annex Them.

Washington, Feb. 15.—The unanimous consent agreement reached by the senate last Saturday to vote Tuesday afternoon on the resolution of Mr. McEnery (Dem., La.), declaring a policy of this government in the Philippines, was not vacated. In accordance with that agreement the vote was taken on the resolution yesterday afternoon and it was adopted 26 to 22. It was noticeable that several Democrats who were present and not paired refrained from voting. An amendment offered by Mr. Bacon (Dem., Ga.) several days ago was defeated. The vote on the amendment was a tie—29 to 29—and Vice President Hobart cast the deciding vote against the proposition.

The McEnery resolution is as follows: That, by the ratification of the treaty of peace with Spain it is not intended to incorporate the inhabitants of the Philippine islands into citizenship of the United States, nor is it intended to permanently annex said islands as an integral part of the territory of the United States, but it is the intention of the United States to establish on said islands a government suitable to the wants and conditions of the inhabitants of said islands, to prepare them for local self-government and in due time make such disposition of said islands as will best promote the interests of the citizens of the United States and the inhabitants of said islands.

House Proceedings.

The Nicaragua canal bill was offered in the house yesterday afternoon as an amendment to the sundry civil appropriation bill by Mr. Hepburn of Iowa, chairman of the committee that reported it, and the leaders on the respective sides are engaged in a desperate struggle which involves the fate of the measure at this session of congress. After Mr. Cannon, chairman of the committee on appropriations, served notice last week that there was not time for the consideration of the canal bill at this session the supporters of the measure determined to force it on to the sundry civil appropriation bill as a rider if possible.

As soon as it was offered yesterday afternoon Mr. Cannon made four points of order against it, and one of the most interesting parliamentary contests of the session was on. It seems to be a foregone conclusion that the chairman of the committee of the whole (Mr. Hopkins of Illinois) will sustain the points of order, so that the real test will come upon the question of overruling the chair. Should the chair be overruled there is no doubt that the amendment will command a majority of votes. About 80 pages of the bill were disposed of yesterday. No important amendments were adopted.

Mr. Wheeler (Dem., Ky.), in the course of some remarks in opposition to expansion, served notice that he proposed to vote against the \$30,000,000 appropriation to be paid to Spain.

THE TELEGRAPH

Washington's Only Means of Communication With the World. Washington, Feb. 15.—The storm suspended a large part of the business of the city and also many social functions. The president yesterday ordered that the reception to the general public, which was to have been held last night, be postponed until the weather is more auspicious.

When Baby's Ill.

When the little loved one is sick, when his brow is fevered, his pulse rapid, his features pinched with pain and there are great blue circles under his eyes, the mother hovers about the bedside, and with anxious eyes tries to read the meaning of every expression upon the physician's face. A woman may save herself almost all of this worry and heartache if she will but take proper care of her womanly health during the period of gestation. A child born of a mother who is thoroughly healthy in a healthy way will almost unfailingly be healthy and robust. Dr. Pierce's Favorite Prescription acts directly on the delicate and important organs that bear the burdens of maternity. It makes them well, strong and vigorous. It heals all internal ulceration and inflammation. It stops debilitating drains. It fits for motherhood and insures a healthy child. Thousands of happy mothers have testified to its merits. No honest dealer will urge you to take an inferior substitute for the little added profit it may afford him.

"A lady told me that Dr. Pierce's Favorite Prescription was good to take when with child," writes Mrs. Annie Simpson, of No. 13 Chelmsford street, Lawrence, Mass.: "I was suffering terrible pains and was unable to get about the house without being in misery. I began taking Dr. Pierce's Favorite Prescription and the first bottle greatly relieved me. I took three bottles before my baby was born at which time I suffered very little. The baby has been healthy ever since and is now three months old and weighs fifteen pounds. When my older child was born I suffered terribly. I don't know how to thank Dr. Pierce enough."

They don't simply give temporary relief, but are a permanent cure—Dr. Pierce's Pleasant Pellets for constipation. They never gripe. One little "Pellet" is a gentle laxative and two a mild cathartic.

The telegraph is the only thing that saves the capital city from being shut off from the outside world, the wires working well in all directions. The railroads are at a standstill, no mails have arrived or been sent out from Washington since Monday afternoon, and all railroads announce "all trains annulled."

NINETY-NINE YEARS

At Hard Labor Is the Sentence of Private W. J. Edwards.

Washington, Feb. 14.—Private William J. Edwards, Company A, Seventh United States volunteer infantry, was found guilty by a courtmartial convened at Macon, Ga., of murder and of wounding by shooting with intent to commit murder and sentenced to dishonorable discharge, forfeiting all pay and allowances and to be confined at hard labor for 99 years. The sentence has been approved and the penitentiary at Fort Leavenworth, Kan., designated as the place of confinement.

New Extradition Treaty.

Washington, Feb. 15.—The department of state has received a report from Ambassador Clayton at the City of Mexico, showing that the governments of the United States and Mexico have just agreed on the terms of a new extradition treaty to replace that which lapsed about a fortnight ago. The treaty is retroactive.

Congress of Mothers.

Washington, Feb. 15.—The meeting of the National Congress of Mothers has been postponed till tomorrow, Friday and Saturday of this week. It is expected then to have all the speakers and all the delegates to the congress present.

FINANCE COMMITTEE

Appointed Pursuant to House Republican Caucus.

Washington, Feb. 15.—Representative Grosvenor of Ohio has appointed the following committee of the house, as instructed by the Republican caucus, on financial legislation: Representatives Henderson of Iowa, Payne of New York, Dalzell of Pennsylvania, Kerr of Ohio, Hawley of Texas, Lovering of Massachusetts, Overstreet of Indiana, Curtis of Kansas, Lusk of California, Babcock of Wisconsin and Morris of Minnesota.

It will be observed that no member of the banking and currency committee or the coinage, weights and measures committee is put upon this committee. Referring to this fact, General Grosvenor said:

"I made the appointment in that way after full and free conference with most of the members of the committees and with prominent members of the house. It would be unwise to ask these gentlemen to make any decision or take sides in any way upon any dispute of policy or detail upon a bill which will have to go to those committees and it was deemed wisest and best that the committees should remain wholly independent and noncommittal, and be free to act independently with the final judgment of each member uninfluenced and unaffected by the action of the caucus committee. In this way we will ultimately have the opinion of the caucus committee of 11 members of the house and of such committee as the senate may see fit to provide, and then the deliberate judgment of the proper committee of the house."

Ordered Discontinued.

Washington, Feb. 15.—The canteen aboard ship is a thing of the past. It never obtained a strong hold in the service. Of late the only vessels in the navy permitting the sale of even beer aboard being the New York and Indiana. It cannot be gathered that the operation of the canteen aboard these ships has been the subject of any ill report, but even there the sales of beer have been ordered discontinued by the secretary of the navy.

DR. CONNER

Defends the War Commission's Work and Makes a Prediction.

Cincinnati, Feb. 15.—Dr. P. S. Conner, after long service on the war investigating commission, was complimented by a dinner at the Grand hotel last night by his friends and neighbors. The guest spoke of the work of the investigating committee, which he said, had been assailed from the beginning as one created to veil the truth. He declared that the commission labored earnestly to find and to declare the truth. Its work, he said, would have been closed much sooner but for the remarkable charges promulgated by the commanding general of the army in his statement before the committee, he being the only one of the 495 witnesses before the committee who declined to affirm or be sworn. The witness was either perfectly right or perfectly wrong, and the doctor was sure that if the court of inquiry found the facts as the investigating committee had found them a high officer of the army would be dismissed from the service.

Others who spoke were General B. R. Cowan, Henry A. Morrill, E. W. Kittredge, Dr. T. A. Reamy and Judge W. H. Taft of the United States court. The latter caused a sensation by saying he had hoped that the United States would only have Cuba to take care of, but was sorry other burdens had been entailed. He took comfort, however, in the belief that brother Jonathan was a sensible character, and if he found he had done wrong he would be willing to correct it, even if it involved hauling down the flag where it had been raised by mistake.

NEGROES DECLINE WORK

Claiming It Unnecessary as the United States Would Furnish Them All the Food They Want—Father Sherman Refused Permission to Offer Prayer Over the Graves of Maine Laddies.

Havana, Feb. 15.—Brigadier General George R. Ernst of Major General Brooks' staff has completed the examination of between 800,000 and 900,000 rations of beef in army storehouses. He found that there was less than 2 per cent of bad beef, which was received in the same shipment as the beef condemned last week. One box in every 10 was opened and examined, and also every box that was smelling bad. The

beef was from the Armour's and was in two and four-pound cans, and 12 and 24 pound cans were in each box. Eight ounces of beef constitute one ration.

The fact having come to the notice of General Brooks' headquarters that negro servants and other employees in Havana were declining to work any longer, affirming that it was unnecessary because the United States would supply them all the food they wanted. Brigadier General Chaffee has directed a communication to the department commander, calling his attention to the fact and requesting that the regular Havana police, who were engaged under the American administration and promised \$50 a month salary in American money, be paid the amount of salary due for the month of January in Spanish gold, the centime to be figured as worth \$5.30.

General Gomez has left Sagua, and proceeded to Santa Clara. Ovarious in his honor continue with unabated enthusiasm. Roman Catholic services in the English language have been inaugurated at the Belen church in Havana, Rev. Mr. Power officiating.

The bishop of Havana declined to allow Father Thomas Sherman, who recently arrived here from Porto Rico, to hold prayer at the cemetery today when the ladies of this city decorated the graves of those who lost their lives on the battleship Maine.

Private McDonald of Company B, Tenth United States infantry, was stabbed in the back Monday night while he was walking with a Spanish woman. McDonald died and his body was buried yesterday. Detectives are seeking for his murderer.

During a severe windstorm 300 tents in the camp of Major General Lee were blown down, among them being that of Lieutenant Colonel Maus, chief surgeon of the Seventh corps. The consequence was that 1,800 soldiers were temporarily deprived of shelter.

Lieutenants Sartoris and Fitzhugh Lee, Jr., and two or three other young officers clung to the ropes of the tent in which Major General Lee was sleeping, through the force of the storm, and kept it from being blown away.

TOBACCO TRUST SUE

Missouri Will Attempt to Break the Manufacturers' Combine.

Jefferson City, Mo., Feb. 15.—Attorney General Crow filed a suit last night in the supreme court to break up plug tobacco trust. He instituted quo warranto proceedings against the Continental Tobacco company, the J. G. Butler Tobacco company, the Brown Brothers Tobacco company and the Wright Brothers Tobacco company, the latter four of St. Louis. The petition charges combination to control the output and price of plug tobacco in violation of the state antitrust law and against public policy.

TICKS FROM THE WIRES.

Aguiñaldo, the leader of the Filipino insurgents, was a student at Munich in 1894.

One man was killed and five seriously injured by a powder explosion at Moss Grove, Pa.

Henry E. Vincent, aged 32 years, of Philadelphia, was found frozen to death within a few feet of his home last night.

Hugh Bryan, the Toronto railroad contractor, is dead. He built railroads in Michigan, Illinois, Kentucky and Maine.

Don Carlos has issued an order forbidding his partisans attending the cortes when the peace treaty is under discussion.

SAFE-BLOWERS.

Burglars Secure \$500 From a Safe at Zanesville.

Zanesville, Ind., Feb. 15.—A safe in the general store of Knight & Knight of this place was blown open by burglars and \$500 in cash was taken. Six weeks ago burglars carried away a cash register from the same store containing over \$100. The sheriff has bloodhounds on the trail of the cracksmen.

Bold Robber.

Dana, Ind., Feb. 15.—While Fred Strum was preparing for a 12-mile drive the sound of the horses running away was noticed by the family. Strum on another horse gave pursuit and overtook the team and found a stranger driving them. He recovered the horses and the thief escaped.

Peculiar Disease.

Rossville, Ind., Feb. 15.—A peculiar malady is afflicting the eyes of people of this place, and so far the opticians have been unable to furnish relief. Half of the people of the village are afflicted, many of whom, it is believed, will be totally blinded.

Town In Darkness.

Hammond, Ind., Feb. 15.—An explosion last night in the plant of the Lake Lighting company wrecked a 400-horsepower engine and the city was in darkness. No one was injured.

Old Time Residence Burned.

Rushville, Ind., Feb. 15.—The Judge Hinchman house at Ging station, among the best preserved oldtime mansions in the county, was totally destroyed by fire yesterday.

COUNT TOLSTOI

Condemns the Disarmament Conference Proposed by the Czar.

London, Feb. 15.—The Daily Chronicle publishes a letter from Count Leo Tolstoi, the celebrated Russian philosopher and reformer, condemning the conference proposed by Emperor Nicholas for the limitation of the armaments as "only worthy of contempt and derision."

Count Tolstoi says: "It will be impossible to reduce armaments while nations not only persist in acquiring new possessions, like the Philippines, Port Arthur and the rest, but also keep what they have acquired, like Poland, India, Alsace-Lorraine and the rest."

PREPARING FOR WAR

Extraordinary Activity at French Armies and Navalworks.

Toulon, Feb. 15.—There is extraordinary activity at the arsenal here and generally in the French navalworks. It is believed that M. Lockroy, minister of marine, expects war with Great Britain within two years, and it is notorious that a war with England is being preached in official circles here.

Troops are being poured into Tunis, Oudjda and Algeria and war material is being dispatched to all the colonies. Officers openly boast that they will sweep the British fleet out of the Mediterranean.

Flourmills Combine.

Milwaukee, Feb. 15.—It is admitted here that the flourmill syndicate, of which Thomas A. McIntyre is the head, has carried the day. All the Duluth mills, except Freeman's and a small concern, are reported to have been secured, in addition to the majority of the mills in Minneapolis. It is also learned that the largest mills in New York and Buffalo, in addition to several large Milwaukee plants, have been captured. Capitalization of the trust is reported at \$35,000,000.

Ohio Centennial.

Toledo, O., Feb. 15.—The Ohio centennial commissioners started a committee of five members to Indianapolis yesterday to visit the legislature with a view of getting that state to put up a suitable building at the Ohio centennial in 1903. Committees of like nature will go to Illinois, Michigan, Wisconsin and other states in the northwest territory this week.

No Power Has Made a Bid.

London, Feb. 15.—According to the Madrid correspondent of The Daily Mail the question of selling the Carolines and the Ladrones is still undecided because no power has yet made a definite offer and the idea of abandoning them altogether may be considered if no offer is forthcoming.

Eighteen Thousand Cases of Grip.

City of Mexico, Feb. 15.—La Grippe prevails in all Mexican cities, some 18,000 people being down with it at San Luis Potosi, and fully thrice that number here. The weather is exceptionally cool.

JUMPED THE TRACK

Worktrain Wrecked and Fireman Killed—Others Injured.

Philadelphia, Feb. 15.—A working train made up of three engines and one passenger coach, while clearing the snowbound tracks on the Norristown branch of the Philadelphia and Reading railway last night, jumped the track above Wissahickon. Thomas Nuttall, fireman of Norristown, was instantly killed. H. P. McDowell, engineer, of Norristown, James Keating, road foreman, of Manayunk, George C. Bowers, trainmaster at the Reading terminal, Philadelphia, were severely injured. Several others also received slight injuries. Two of the engines were completely demolished. After jumping the track they crashed into the wall of the feed store of W. P. Stroud, cutting a great gap in the building.

ZELAYA

Determined to Suppress the Nicaragua Revolution.

Managua, Nicaragua, via Galveston, Feb. 15.—In spite of numerous obstacles, chief among them being the want of telegraph communication and roads, except mule paths between Managua and Bluefields, President Zelaya is actively organizing to suppress the revolution that has broken out in the Atlantic coast provinces.

Fighting between the government troops and the rebels under J. P. Reyes, former governor general of the Atlantic coast division, and self-styled general-in-chief of Nicaragua, probably will begin in the tropical forests between Cordilleras and Bluefields.

The headquarters of the government troops is at Acopya, a well chosen strategic point near a branch of the river Segovia, beyond the divide, while the revolutionists are reported encamped near Chilte.

WILL EXPEDITE MATTERS

Carlists Will Not Sit In the Cortes During Treaty Discussion.

Madrid, Feb. 15.—The Carlists have decided to accede to the Pretenders' wishes and will absent themselves from the cortes during the discussion of the peace treaty. The government regards the matter as unimportant, but regrets it because the Republicans have now decided to follow the example of the Carlists and Senor Sagasta would have preferred to have the treaty ratified in the presence of the political parties.

The result of the prohibition by Don Carlos will tend to curtail the debates and to expedite ratification.

\$19,000 SHORTAGE

Discovered In the Accounts of a City Treasurer Who Was Murdered.

New Castle, Pa., Feb. 15.—A shortage of \$19,000 in the accounts of City Treasurer John Blevins, who was mysteriously murdered in his office two weeks ago, has just been discovered. The treasurer had paid money without warrants and held the book tax receipts. It is claimed when warrants are drawn and amounts of the receipts collected the accounts will balance.

May Go Blind.

San Francisco, Feb. 15.—Dangerous speed is being made in the international 6-day race, and steady pounding has ridden the field of its most dangerous factor, that is to say, Frank Waller. Waller's eyes went wrong on him and physicians say that he would be blind for life should he continue. Waller was brokenhearted, but had to quit after going 334½ miles without dismounting.

Going to England.

Montreal, Feb. 15.—Senor Luna of the Filipino delegation departed from Montreal last night for Liverpool. He sails from St. John, N. B., today on the steamer Numidia. Agoncillo declares he does not know what Luna's future movements will be, they being determined by advices he will receive from Hong-Kong on his arrival in England.

Chautauqua Association.

Cleveland, Feb. 15.—The executive board of the Chautauqua association has held a meeting at which plans were agreed upon for the removal of Cleveland (previously decided upon) of the administration offices from Chautauqua, N. Y., and the headquarters of the Chautauqua literary and scientific circle from Buffalo. The removal will be consummated within 10 days.

Offered Money by Americans.

London, Feb. 15.—William Tournon Tromas Poulett, the organ-grinding claimant to the earldom of Poulett, says that he has received offers of money with which to further his claim from a gentleman in Massachusetts. He also asserts that other offers of a like character have come to him from Montreal and elsewhere in America.

Advanced the Price.

Chicago, Feb. 15.—A meeting of broomcorn holders and dealers, representing the Illinois growing districts and the stocks in store in Chicago, was held here. Reports were received showing the entire visible supply of broomcorn, and after a long discussion it was decided, owing to the shortage, that an immediate advance of \$30 per ton be

Chicago, Feb. 15.—Acting under instructions from Secretary of War Alger, General Sheridan has ordered the last battalion of the Seventeenth infantry to proceed to Manila by way of the Suez canal at once. The troops left Columbus, (O.), barracks last night and will sail from New York on Friday. The detachment consists of four companies in command of Major O'Brien. The battalion started east Monday, but was called back because of delay in getting the transport ready.

### Drink, Grain-O.

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain O, the new food drink. 15 and 25c.

### Sick Women Advised to Seek Advice of Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 9486]

"I had inflammation and falling of the womb, and inflammation of ovaries, and was in great pain. I took medicine prescribed by a physician, but it did me no good. At last I heard of Lydia E. Pinkham's Vegetable Compound, and after using it faithfully I am thankful to say I am a well woman. I would advise all suffering women to seek advice of Mrs. Pinkham."—MRS. G. H. CHAPPELL, GRANT PARK, ILL.

"For several years my health was miserable. I suffered the most dreadful pains, and was almost on the verge of insanity. I consulted one of the best physicians in New York, and he pronounced my disease a fibroid tumor, advising an operation without delay, saying that it was my only chance for life. Other doctors prescribed strong and violent medicine, and one said I was incurable, another told me my only salvation was galvanic batteries, which I tried, but nothing relieved me. One day a friend called and begged me to try Lydia E. Pinkham's Vegetable Compound. I began its use and took several bottles. From the very first bottle there was a wonderful change for the better. The tumor has disappeared entirely and my old spirits have returned. I heartily recommend your medicine to all suffering women."—MRS. VAN CLEFT, 416 SAUNDERS AVE., JERSEY CITY HEIGHTS, N. J.

### UP IN THE SENATE

County Reform Bill Develops Unexpected Opposition Among Senators.

### PRIMARY ELECTIONS LAW

Practically Killed by Amendments In the Upper House—\$100,000 Appropriated to Complete the Soldiers' Monument—Indiana's Corn Product Will Not Be Represented at Paris.

Indianapolis, Feb. 15.—The county reform bill came up on third reading late yesterday afternoon, but a vote was not reached before adjournment. The bill was the first order of business today.

From the number of motions made late yesterday afternoon, either to recommit the bill to its author with instructions to amend, or motions tending in some way to delay the bill, it is very evident that there is more opposition to the bill than was before expressed.

This is the most important of the bills framed by the county and township reform commission, and proposes to create a county council which will have nearly the same authority over the county commissioners as the advisory board proposed in the township reform bill will have over the township trustees.

The bill for a primary election law which provides, among other things, that the primaries of the different parties shall be held on the same day, and for the payment of the expenses of primaries out of the county treasury for all parties which cast 10 per cent of the vote in the last preceding state election, was so amended in the senate as to make the matter of adopting this system at each election optional with the various county committees of the parties concerned. This amendment practically killed the bill, as the object was to have all the primaries on the same day, thus preventing a man in one party from voting at the primary of another party.

The bill appropriating \$100,000 to complete the Indiana soldiers' and sailors' monument in this city, and providing that the monument must be entirely finished by Dec. 31, 1909, passed the senate after much discussion.

Something like \$500,000 has already been expended on this monument. Artists of high rank are free to express the opinion, however, that when completed it will undoubtedly be the greatest of its kind in the world, especially in point of art.

Among the bills passed by the senate were: One to establish county boards of charities in certain counties, providing that the polls at all elections shall open at 6 a. m., and close at 4 p. m. This gives the laboring man a chance to vote before going to work.

Among the bills passed by the house were: One requiring fraternal benefit associations to make an annual report to the state auditor, as other insurance companies do; allowing the state to bring civil suits on relation of the attorney general or on relation of any state board created by general law without giving bond; authorizing riparian owners to maintain and occupy wharves, docks and harbors upon the navigable waters of the state; appropriating \$1,500 for the temporary relief of the criminal insane at the State prison; regulating the practice of dentistry.

The bill providing that Indiana should join with other states in making an exhibition of American corn in various forms at the Paris exposition failed to pass the house.

The bill by Mr. Knotts for the drainage of the entire Kankakee valley in Indiana was engrossed in the house yesterday without any opposition.

### SERIOUSLY FROZEN

People Who Suffered From Exposure to Cold Wave.

Dillsboro, Feb. 15.—During the prevalence of the recent cold wave John Oberate, a stock dealer, while driving here from Cole's Corner, a distance of 12 miles, had his ears, feet and face terribly frozen, and he is under treatment.

Samuel Ellerman, the newly-appointed postmaster at Friendship, suffered a badly frozen face. A family named Reamer, near here, were terribly exposed, owing to the dilapidated home in which they lived, and the mother is now lying at the point of death, the result of pneumonia. The feet of the youngest Reamer were frozen so badly that amputation of the toes was necessitated.

### WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.  
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.  
MRS. GRACE LAMPHERE.

McLure's Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the female organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Druggists sell Large Bottles for \$1.00.

## THE MERCURY RISES.

Warmer Weather With Probability of Rain.

The change in the weather the past twenty-four hours has been very marked. The indications are for still warmer weather followed by rain. The snow has been melting right rapidly today. A rain now, the ground frozen as it is, would cause a rapid rise of the streams. A freshet now with so much ice in the river would do great damage.

The weather bulletin today is as follows:

CHICAGO, Ill., Febr. 15.—Indiana: Fair tonight with warmer south and central portions followed by rain south and central portions.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials. Address,

**An Honest Medicine for La Grippe**  
George W. Wait of South Gardiner, Me., says: "I have had the worst cough, cold chills, and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. W. Milbous.

**Chronic Nasal Catarrh** poisons every breath that is drawn into the lungs. There is procurable from any druggist the remedy for the cure of this trouble. A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleanses, heals and cures. A cold in the head vanishes immediately. Sold by druggists or will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York.

**A Common Danger.**  
If you ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

**DO NOT GET THE WRONG IMPRESSION**  
Read This Carefully.  
Do not get the wrong impression of proprietary medicines. Because you have been cheated by buying them in the past, you must not think that they are all alike, for they are not. There are many preparations on the market that equal or exceed anything that physicians have prescribed. There are some, however, that are frauds, and the manufacturers should be punished for defrauding innocent purchasers. However, because you have been defrauded in the past, is no reason why you should look upon every manufacturer as dishonest. Morrow's Kidney-cure is purely and wholly a scientific preparation and have been severely tested. They are not some mixup or concoction by those who know nothing of drugs and their strength nor by some grand old auntie who took a hardy of this and a pinch of that and boiled it up and soaked it in whisky and called it a great cure. Morrow's Kidney-cure are carefully made of the purest drugs and compounds to be had. They are placed in small wood boxes so there is no danger of breakage in carrying or shipping. They are made into small Yellow Tablets (not pills) which make them easy to take, without stopping in the throat. They cure the worst forms of kidney disease if persistency in using the medicine is followed. We guarantee this with a money offer of Fifty Dollars for a case we cannot cure, where the directions are strictly followed. We have hundreds upon hundreds of statements for publication that should inspire confidence in the most skeptical, for people do not give their names to be used at home unless they are true. "For the sake of suffering humanity," Alonzo Knowles of Depot and Third streets, Mad son, Ind., who is freeman in the Towel Manufacturing Co.'s Cooper Shop, "I am only too glad to give my statement for publication, so that others may be cured of this terrible kidney complaint. Do not experiment any longer but use Morrow's Kidney-cure as I did. I had suffered two years with sharp, shooting pains in my back and kidneys. I had urinary disorder and was very nervous, but Kidney-cure cured it all." Alpha Cox, the druggist, sells Kidney-cure at fifty cents a box, six boxes for \$2.50. Take no substitute. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

**PEARIDGE.**  
Chas. Eshom is on the sick list.  
Dr. M. V. Wilson passed through here Sunday caring for the sick.  
Elmer Henderson and wife visited the former's parents last Sunday.  
Mrs. W. S. Plummer is just recovering from a severe attack of the grip.  
D. M. Hughes went to Ft. Ritner Friday to see his brother Thomas who is in poor health.  
Mrs. Nancy McHargue had a severe attack of pleurisy Saturday and had to call a physician.  
B. F. Henderson, of Freetown drove a fine lot of hogs to Medora last Tuesday for the Hinderlider Bros.  
Alfred Osborn, one of Owen township's good citizens died last week. He was a victim of the grip.  
Henry Zollman, Sr., sold his old home place in Owen township to James Black. Consideration \$20 per acre.  
Uncle "Bill" Martin one of our pioneers, who is 89 years old, is very low at this writing with grip. There is not much hope of his recovery.

The recent cold spell was the most severe ever experienced by the oldest settlers. Mercury in some places reached 28 degrees below zero. Peaches have gone glimmering.  
There was a surprise party at E. E. Reynolds last Wednesday evening given in honor of Miss Stella's 16th birthday. There was a good crowd out and all seemed to enjoy themselves very much.

**A Narrow Escape.**  
Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time, I gave myself up to my Savior, determined I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles of it. It has cured me, and Thank God I am saved and now a well and healthy woman." Trial bottles free at W. F. Peters Drug Store. Regular size 50c and \$1.00. Guaranteed or price refunded.

**Dangers of the Grip.**  
The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for La Grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure La Grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milbous.
